

To: Kathy Glennan, Chair, RDA Steering Committee

Cc: Linda Barnhart, RSC Secretary

From: Melissa Parent, ORDAC Representative

Subject: Proposal for correction of the narrower element hierarchy in Manifestation:
manufacturer agent (etc.) and its inverses

ORDAC supports the corrections outlined in TLO/2022/1, and thanks the Translation Working Group for their work that has surfaced relationship element inconsistencies.

ORDAC considers the proposed changes to be sensible and practical and supports each recommended change.
